

TCU faculty member is seeking a qualified child care provider 15-20 hours a week. The opportunity might be ideal for a qualified graduate student who has been sheltering in place due to COVID-19 as best as possible and looking for some part time work as we head into the fall semester. The work would entail child care between 8am-Noon, in our home on most days during the week but the schedule is flexible. Contact m.l.harris@tcu.edu
